SUMMARY

Enthusiastic and detail-oriented Front-End Developer with strong skills in HTML, CSS, JavaScript, Bootstrap, and React.js. Passionate about building responsive, user-friendly, and visually appealing web applications. Adept at translating UI/UX designs into functional code and continuously learning new technologies to enhance user experience. Seeking an opportunity to apply my knowledge and grow as a professional developer in a dynamic organization.

Bachelor of Computer Applications | 2022-2025

- Bachelor of Computer Applications (BCA)
- Silver Oak University, Ahmedabad
- Graduated: 2025

- SKILLS

- HTML
 - CSS
 - JS
 - Bootstrap
 - React
 - Tailwind Css
 - git
 - Canva
- SOFT SKILLS

- Communication
 - Teamwork
 - Critical Thinking
 - Quick Learning

PROJECTS

1. Nike Shoes

- Built a responsive shoe product landing page using React.js, HTML, CSS, and Bootstrap. Utilized React’s component-based structure for efficient and scalable development. The design features bold visuals, strong CTA buttons, and e-commerce integration placeholders, all optimized for a clean and mobile-friendly user experience.

2. SwatikChatBot

- Designed and developed an AI-powered chatbot that answers user queries based on the teachings of the Shree Mad Bhagavad Gita. Integrated multilingual support and chat history features using Python, Flask, and Gemini API to enhance user interaction and learning experience.

3. JARVIS AI-Powered Desktop Assistant

- Designed and developed a personal AI-powered JARVIS assistant using Python and AI technologies. Built intelligent voice and command-based automation features to control applications, perform tasks, and interact naturally with users. Integrated AI capabilities to improve automation, productivity, and desktop interaction through an intelligent assistant system.
